

Online Learning

Learn new and advanced computer skills and continuing education at home

Education To Go (ed2go) is the industry leader in online learning. Through a unique partnership with over 1,800 colleges and universities and adult education centers ed2go provides high quality non-credit continuing education courses. These monthly courses are both affordable and accessible—regardless of where you live or work.

Our instructor-facilitated online courses are informative, fun, convenient, and highly interactive. The instructors are famous for their ability to create warm and supportive communities of learners. Most courses run six weeks and are project-oriented and include lessons, quizzes, hands-on assignments, discussion areas, and more. You can complete any of these courses entirely from your home and at any time of the day or night.

How to Get Started with Online Learning:

"I highly recommend the ed2go online experience. As a displaced worker and preparing for a career change, I am grateful to have the same educational opportunities as students who attend a technical college. The classroom is in my home computer and I'm able to access courses at my convenience." — Mary A.
