## BEYOND ECFE School Age Parenting Classes

If you have a child in elementary, middle or high school, you may be wondering where to find answers to your parenting concerns. The Edina Family Center is proud to offer classes to meet your needs. These Beyond ECFE classes will meet at the Edina Community Center. A licensed parent educator will guide the discussion and provide information based on research, knowledge of child development and family education. Group discussion allows parents to share their joys and concerns, experience and wisdom. All classes offer CEU's at the end of the session.

Why do we have a difficult time talking with our children about sexuality? What do our children really need to know and when do they need to know? Why is it so important in our culture for parents to be a sexuality resource for children? This workshop is for parents with children 5-12 years old. Join us to consider these questions, review resources and walk away with pertinent handouts.
