

Vision- To inspire life long learning through books, computer skills, and media literacy

Welcome to the Media Center

Bonjour! My name is Tracy Pearson, Media Specialist at Normandale. I have the opportunity to teach all the students at Normandale, as everyone comes into the media center. Welcome to all the new families at Normandale! I am very excited to meet you and your students.

The Media Center is an exciting place for students to learn **computer skills** in the media computer lab, prepare research projects, and have **media reading experiences** with me as we learn about English and French authors and **information literacy skills** through reading and fun activities. The media center is a bustling place where we encourage students to love to read and enjoy learning through books in both English and French.

Check out what is new in the Media Center

Students in 4th/5th grade will continue to use the new laptop computer lab thanks to our supportive parent community.

This September students and teachers will have access to a second computer lab complete with LCD projector and all the same computer programs.

Promethean boards will be installed in each teacher classroom. These interactive boards will allow teachers and students to learn in both French and English. These boards are part of an innovative wave to involve students through interaction, active votes and participation. Thank you to our supportive parent community.

Volunteer Help Needed!!

The Normandale Media center is in need of volunteers to provide friendly, helpful service to our students and staff.

Please give of your time and volunteer-

- Set up for the beginning of the school year!
- Checkout books for students
- Shelve books
- Special Events projects
- Help teachers in the computer labs

Please contact – Kris Mollison

trapearson@edina.k12.mn.us

Please volunteer and enrich the lives of students at Normandale!

Stop into the Media Center to see the new books, visit our 2nd computer lab in room 204 and take a look at the new Promethean boards in the classrooms.

With Warm Regards-*Tracy Pearson*

PS- Please read about Normandale's **Birthday Book Program**- it is a great way for your child to donate a book on a special occasion day and a personalized bookplate will be placed inside the book.
