

American Mathematics Competition (AMC)

Date: Wed., Feb. 22

Time: EHS and Valley View students - 8:30 a.m.
South View students - 9:45 a.m.

Where: EHS and Valley View students - Fick Auditorium at EHS
South View students - SVMS Room 310

Cost: \$5 for Early Registration through Wed., Jan. 16.
\$15 for Standard Registration from Thurs., Jan. 17 through Tues., Feb. 14.
Registration deadline is 11:59 p.m. Tues., Feb. 14

How: Register online at: <http://edina.revtrak.net/tek9.asp>
(Select Gifted Education in the center of the page.)

What: Both the AMC 10 and the AMC 12 are 25-question, 75-minute multiple-choice contests. The AMC 12 covers the high school mathematics curriculum, excluding calculus. The AMC 10 covers subject matter normally associated with grades 9 and 10. To challenge students at all grade levels and with varying mathematical skills, the problems range from fairly easy to extremely difficult. Approximately 12 questions are common to both contests. Typically, students who score in the top 5 percent on the AMC 12 or the top 2.5 percent on the AMC 10 are invited to take the American Invitational Mathematics Exam. **Students may not use calculators on the contests.**

Who: AMC 12 Eligibility – Students in a program leading to a high school diploma and under 19.5 years of age the day of the contest.

AMC 10 Eligibility – Students in a program leading to a high school diploma, under 17.5 years of age on the day of the contest and not enrolled in grades 11 or 12 or equivalent.

What do I bring? No. 2 pencil and an eraser. **No calculators are allowed.**

For more information: Visit the [AMC Website](#) .

Remember: **Registration deadline is Tues., Feb. 14**
