

Extended French Booster Club

2011 – 2012 Dues Form

The parents of the Extended French Students formed a Booster Club when the French Immersion Program entered Valley View Middle School years ago. The purpose of the Booster Club is not to function as a PTSO. Valley View already has a PTSO organization, which the Booster Club urges all parents to join and support. Rather, the Booster Club was formed to address any special needs of the Extended French students and staff. In the past, the Booster Club has sponsored end-of-year recognition events, donated French books and magazines for the media center, and served as a source for home French reference materials. Currently, we are translating math curriculum into French. The Booster Club also serves as a forum to discuss matters pertaining to French curriculum, program development, etc. **MOST IMPORTANTLY, the Booster Club solicits host families and pays for the Valley View French Interns.** Our teachers tell us that the interns play a significant role at Valley View. As our students' language skills increase and their time in French courses decrease, the interns provide valuable native language experience. Annually the intern program expenses include recruiting costs, health insurance, intern stipends, visa processing, and various organizational expenses. The intern program is **entirely parent funded** and is an essential part of our students' immersion experience. We do not fundraise outside of this form. There is no carnival, no magazine selling or wrapping paper to sell. The EFBC budget is approximately \$30,000, almost \$6,000 per intern. Please help us continue this important part of our French program by paying your dues promptly.

Thank you,

EFBC Executive Board
