

## How to Read Your Schedule

S1=Semester 1  
S2=Semester 2  
FY=Full Year

01 through 08 are the periods of the school day when the class meets

### Days

- 1= If you see a letter only under the 1, this class meets every other day, beginning with the FIRST day of school, an “A” day
- 2= If you see a letter only under the 2, this class meets every other day, beginning with the SECOND day of school, a “B” day

If a letter appears under both numbers, the class meets everyday.

Your teachers will explain the schedule in detail during first period on the first day of school. Maps will also be posted around the building in order to help you find your classrooms.
